Required Qualifications

Education/Training	Successful completion of a PA, NP, or CNM program Must complete HealthStream module - Dignity in Childcare and Pregnancy Parts 1-3 Or equivalent
Licensure (Initial and Reappointment)	Current Licensure as a PA, NP or CNM in the state of CA
Certification	Current certification as a NP in the state of California Current certification as a PA, NP, or CNM by a nationally accredited organization
Additional Qualifications	Current BLS from the American Heart Association Current NRP from the American Academy of Pediatrics/American Heart Association for inpatient care as CNM
FPPE	FPPE CRITERIA LISTED BELOW. FPPE WILL BE ASSIGNED BY THE SERVICE CHIEF DURING THE APPROVAL PROCESS
Definitions	"General Supervision" means the definition specified at 42 CFR 410.32(b)(3)(i), that is, the procedure or service is furnished under the physician's overall direction and control, but the physician's presence is not required during the performance of the procedure. "Personal Supervision" means the definition specified at 42 CFR 410.32(b)(3)(iii), that is, the physician must be in attendance in the room during the performance of the service or procedure. "Direct Supervision" means that the physician or nonphysician practitioner must be present on the same campus where the services are being furnished. For services furnished in an off-campus provider based department as defined in 42 CFR 413.65, he or she must be present within the off-campus provider based department. The physician or nonphysician practitioner must be immediately available to furnish assistance and direction throughout the performance of the

procedure. The physician or nonphysician practitioner does not have to be present in the room when the procedure is performed.
