Ask for Vivian Casillas.

Car Seat Recycling

To properly recycle a car seat, **remove and cut up the cover, harness straps, and foam to prevent the car seat from being re-used.** Place the cover and the foam in the trash can. The car seat should be stripped down to its plastic shell. Write "UNSAFE" on the plastic shell to ensure it is not used again. Contact your recycling service provider to see if you can place the plastic shell in your recycling bin, on the curb, or if you can drop it off at a local recycling center.

San Jose Free Junk Pickup

San Jose Residents can also schedule an appointment to have car seats picked up by a junk program.

Visit: <https://www.sanjoseca.gov/your-government/environment/recycling-garbage> and click on "Large items (free junk pickup)"

The car seat cover should be destroyed prior to being set out for pick up.

Target Car Seat Trade-In Event

Target does a car seat trade in where car seats can be dropped off in exchange for a discount coupon on new baby gear.

Visit:

<https://corporate.target.com/corporate-responsibility/planet/sustainable-products/car-seat-trade-in>
